# 3<sup>RD</sup> KUANTAN TEMPORAL BONE DISSECTION WORKSHOP

## 30<sup>th</sup>—31<sup>st</sup> OCTOBER 2017

ORL-HNS Microsurgical Laboratory, Level 3,  
Kulliyah of Medicine, Indera Mahkota Campus,  
Kuantan, Pahang

Organized by:

Department of Otolaryngology Head and Neck Surgery,  
Kulliyah of Medicine, IIUM

## Message from Course Director

Assalamualaikum and greetings to our future participants,

It is our pleasure to invite participants to *3rd Kuantan Temporal Bone Dissection Workshop*. This workshop has been designed to cater the needs for hands-on dissection to ORL residents in training and ORL surgeon who require further hands-on drilling experience.

This workshop will provide each participant with freshly prepared cadaveric heads and closely supervised by experienced otologists. At conclusion of this workshop, we hope participants will acquire:

- more knowledge on the surgical anatomy of the temporal bone
- familiarization with the surgical instrumentation including adjusting the surgical microscope
- improvement of skills for otologic surgery.”

- Assoc. Prof. Dr. Zamzil Amin Asha'ari

## TENTATIVE PROGRAMME

### DAY 1 (30<sup>th</sup> OCT 2017)

8.00 – 8.30 **Registration & Opening Ceremony**

#### LECTURES

8.30 – 8.45 Surgical anatomy of temporal bone (Mr Tengku Izam )

8.45 – 9.00 Endoscopic anatomy of the External and Middle ear (Mr Tengku Izam )

9.00 – 9.30 Endoscopic assisted procedures (Mr Tengku Izam )

Myringotomy & Grommet insertion

Myringoplasty

9.30 – 9.50 *Refreshment*

9.50 – 10.00 Briefing and progress to microsurgical lab

#### DISSECTION

10.00 – 10.40 Raise tympanomeatal flap – 40 min

10.40 – 11.30 Attico-antrostomy – 50 min

11.30 – 12.30 Harvest perichondrial graft & Tympanoplasty – 60 min

12.30 – 13.00 Exploration of middle ear structures – epitympanum, mesotympanum and hypotympanum – 30 min

13.00 – 14.00 *Lunch break & Zohor prayer*

14.00 – 16.45 Soft tissue approaches – 15 min

Cortical mastoidectomy – 150 min

Initial drilling steps

Saucerizing the mastoid cavity

Exposing antrum and identify short process of incus

Exposing sinodural angle and sigmoid sinus

16.45 – 17.00 *Photo session*

17.00 *Tea break and adjourn*

### DAY 2 (31<sup>ST</sup> OCT 2017)

#### LECTURES

8.30 – 8.45 MRM vs Cortical Mastoidectomy technique (Prof Din Suhaimi)

8.45 – 9.00 Avoiding complications in otologic surgery (Prof Din Suhaimi)

9.00 – 9.15 Managing wet ear post MRM @ Cortical mastoidectomy (Prof Din Suhaimi)

9.15 – 9.35 *Refreshment*

9.35 – 9.40 Progress to microsurgical lab

#### DISSECTION

9.40 – 10.40 Exposing vertical segment of facial nerve – 60 min

10.40 – 11.40 Posterior tympanotomy – 60 min

11.40 – 12.20 Cochleostomy – 40 min

12.20 – 13.00 Modified radical mastoidectomy – 40 min

Removing and lowering remaining posterior canal wall

Exposing attic

Exenterating mastoid tip

13.00 – 14.00 *Lunch break & Zuhur prayer*

14.00 – 15.00 Modified radical mastoidectomy (*Cont* – 60 min)

15.00 – 16.00 Exposing posterior, superior and lateral semicircular canal – 60 min

16.00 – 16.30 Canalplasty – 30 min

16.30 – 17.00 Appreciate the anatomy – 30 min

17.00 *Tea break and adjourn*
